

Invitation to a Webinar on

The European Climate Law - Cornerstone of the Green Deal

The European Climate Law is the cornerstone of the European Green Deal. This law is a priority in the European Parliament and will be voted in the ENVI Committee immediately after the summer break.

We invite you to debate this important law in the webinar with contributions from Commission President Ursula von der Leyen and high-level experts from NGOs, industry and scientists. We will also look at the consequences of the COVID-19 crisis on European climate policy. The EPP stands for an ambitious and realistic climate policy.

We kindly invite you to the Webinar on

Monday, 6 July at 11:00h

Draft Programme

11:00h	Welcome by Peter Liese
11:05h	Welcome and Introduction by First Vice President of the European Parliament Mairead McGuinness
